LIBRARY

February

| | |
|--|---|
| Presidential address. D. G. M. Roberts | 1 |
|--|---|

Papers

| | |
|--|-----|
| Netherton Canal tunnel: recent repairs of failed sections. G. Haider and L. R. Richards. Paper 9159 | 35 |
| Mount Pleasant Airport, Falkland Islands: management and planning. M. B. Chamings. Paper 9183 | 59 |
| Mount Pleasant Airport, Falkland Islands: design. G. Skene and G. J. Brice. Paper 9184 | 77 |
| Mount Pleasant Airport, Falkland Islands: construction. W. N. Kenrick. Paper 9185 | 97 |
| The measurement and significance of horizontal earth pressures in the puddle clay cores of old earth dams. J. A. Charles and K. S. Watts. Paper 9104 | 123 |
| River Coquet bridge: an assessment of the use of precast webs in a box-girder bridge. N. J. Smith and K. Withey. Paper 9060 | 153 |

Symposium discussion

| | |
|--|-----|
| Engineering for safety. Opening remarks. D. A. D. Reeve. | |
| Introduction. J. A. Derrington. The problem. K. Tomasin. | |
| The work of the Standing Committee for Structural Safety. D. Christopherson. Discussion on Papers 9039-40, 9042-48. Summary. R. W. Horner. | 169 |

Discussion

| | |
|--|-----|
| Settlement of two housing estates at St Annes due to consolidation of a near-surface peat stratum. P. L. Berry, D. Illsley and I. R. McKay. Paper 8823 | 223 |
|--|-----|

April

Papers

| | |
|--|-----|
| Railway electrification: Anglia civil engineering projects. W. M. Lewis and P. J. Clark. Paper 9156 | 247 |
| M25 orbital road, Poyle to M4: planning and design. J. S. Salt and D. W. Hart. Paper 9114 | 269 |
| M25 orbital road, Poyle to M4: construction. P. J. Jefferies. Paper 9115 | 291 |
| M25 orbital road, Poyle to M4: alternative steel viaducts. D. M. Dickson. Paper 9116 | 309 |
| Predicting the punching strength of conventional slab-column specimens. G. I. B. Rankin and A. E. Long. Paper 9134 | 327 |

Third Congress of Civil Engineers:

Infrastructure planning

| | |
|---|-----|
| Papers | 347 |
| 1. Infrastructure and the environment. R. Grove-White | 349 |
| 2. Funding the infrastructure. R. E. B. Lloyd | 357 |
| 3. Transport overview. Sir Peter Lazarus | 371 |
| 4. Water overview. S. C. Agnew | 381 |
| 5. The UK energy scene. Sir Philip Jones | 397 |

Discussions

| | |
|--|-----|
| Railway infrastructure—value for money. G. Myers. (R. F. Gooch) | 403 |
| Roads. M. F. Hardy. (R. F. Gooch) | 405 |
| British ports: the climate for investment. N. H. Finney. (P. Kite) | 408 |
